Abstract: Manuscript materials, sound recordings, photographs, and color slides documenting the performance of bluegrass music, blues music, Armenian music, Senegalese music and dance, Irish music, country music, gospel music, Chinese traditional music and modern compositions, Caribbean music, and Polish music and dance celebrating the Harvest Festival from several regions in Poland. Most concerts were recorded live outdoors on Neptune Plaza in front of the Thomas Jefferson Building, Library of Congress. The concert of Chinese music was recorded in the Coolidge Auditorium, Library of Congress. The May 22 concert was held in celebration of the tenth anniversary of the Neptune Plaza Concert Series. Concerts were held from April through September 1986, sponsored by the American Folklife Center and the National Council for the Traditional Arts.

Scope and Content

The 1986 Neptune Plaza Concert Series Collection consists of manuscript and print materials, audio recordings, and graphic materials that document the 1986 concert series sponsored by the American Folklife Center. The annual series, which began in 1977, features the presentation of folk traditions from many cultures. The concerts take place on the Neptune Plaza at the front of the Jefferson Building of the Library of Congress between May and September. Adverse weather conditions sometimes force the concerts indoors. The 1986 series was produced with the assistance of the National Council for the Traditional Arts.
