How to keep your nails looking freshly manicured all the time

If you haven't yet tried Cutex, make up your mind to send for the trial set today. See how noticeably better your nails look after their first Cutex manicure.

Stains and discolorations disappear as if by magic the moment you apply Cutex Nail White underneath the nails.

A lasting, brilliant gloss or a soft transparent finish, just as you prefer, you can get with Cutex Nail Polish.

"So smooth does Cutex leave the skin at the base of the nails, I never think of allowing my cuticle to be cut!"—Geraldine Farrar

Cutex

YOUR nails look unbelievably lovely after their Cutex manicure!

They are so shapely, so exquisitely groomed; the cuticle edge at their base is as smooth, firm and even as if they had just had a professional manicure. You are delighted with their appearance.

Keep them looking lovely, always!

Spasmodic attention won't do it—having your nails manicured occasionally may only make the cuticle look worse in the long run. But with a bottle of Cutex on hand it is so easy to keep your cuticle always smooth and firm.

So little trouble, too
Once or twice a week, according to the rapidity with which your cuticle grows, dip the end of an orange stick wrapped with absorbent cotton into your bottle of Cutex and work it around the base of each nail, gently pressing back the cuticle. Carefully rinse the fingers in clear water, pressing back the cuticle as you dry your hands. Thousands and thousands of women would tell you that in half the time it takes for the ordinary manicure, they can, with Cutex, keep their nails always in noticeably lovely condition. Use Cutex regularly, and you, too, will find that it does away entirely with the cuticle cutting and trimming that ruin the appearance of your nails.

Get a bottle today at any drug or department store.

Cutex, the Cuticle Remover, comes in 35c and 65c bottles. Cutex Nail White and Nail Polish are also 35c.
