IDEAL All-Metal REFRIGERATOR

Built by the Makers of the Famous Bohn Syphon

The new metal construction was designed originally to meet the humid climatic conditions encountered in West Indian and Central American export trade. It has been a success from the start in the field for which it was designed. Investigation has convinced the makers that the same features which have established its success in the moist Southern climates recommend the IDEAL as a superior type of Refrigerator in a climate such as prevails on our Atlantic coast.

Specially Low Introductory Prices

A limited number, comprising nine sizes, are offered for a short time at sharp reductions from the list. For example:

Model 23 (Illustrated); 36x20 1/2 x 49 1/2; 150 lbs. ice capacity; list price, \$69.00; now... **\$45**

IDEAL REFRIGERATORS have in most respects the same construction as the famous Bohn Syphon Refrigerators—One-piece, round-cornered, fused Porcelain-Steel Lining; Flaximum Insulation; Front Drain, etc. Low temperature ensures ice economy. The metal exterior is finished in white enamel—instantly cleaned by wiping with a damp cloth.
