LEADERSHIP IN UPHOLSTERED FURNITURE

IF there is one thing for which the name Hathaway is better known than another it is Upholstered Furniture. Comfort is built into every piece because restfulness is its chief reason for existence. It is rich, luxurious and fashionable in appearance. And it is priced exactly in proportion to the intrinsic worth of each piece.

Many of the designs are original, many of them are adapted from others which lacked some requisites of Hathaway style leadership. You can select anything from this page, or from the broad assortments of suites and single pieces which it represents, with the full assurance of buying for comfort, for satisfaction and for permanence.
